

# JOHN PAUL ACADEMY

## STUDY SKILLS FOR SUCCESS IN EXAMS

# Studying/Revising.....

- Download an electronic version of the Study Planner template from year group Team.
- Put your plan in writing – then FOLLOW IT.
- Use supported study offered by the school and online.
- Everyone is different – what works for one person might not for another. Find what works for you!
- Read advice / guidance on **HOW TO STUDY.....**

## How do I start.....

- **Where?** Find a suitable place in your house (*or elsewhere if this won't work –eg school/library/relatives/friends*).
- **When?** Make a study plan and stick to it. Attend after school supported study and Saturday school.
- **How?** Find the method that works best for you – determine your own learning style first – take this quick quiz to find out how you learn best.

# Learning Styles.....

- Know your learning style – how do you learn best? Reading/Writing, Listening or Doing?

## LEARNING STYLES

## Retaining information .....

- How do you **KEEP** (retain) information in your memory?
- One technique is using the SQ4R method – watch the short video to see how this works (see presentation on the Year Group Team for the link here).

# Other Techniques.....

- **Mindmaps** – making diagrams with key topics
- **Flashcards** – topic headings, prompts, pictures
- **Quiz Sites** – create / search for subjects eg **Blooket/Kahoot/Quizlet** (some are not available on iPads)

## Parents - Helping young people at home

- ❖ Encourage to attend support sessions and join the West Partnership Supports.
- ❖ Help them to plan / arrange time to study – Study Planner available on their Year Group Teams.
- ❖ Encourage to eat well, drink plenty of water and to get enough sleep.

# Studying Mindmap .....

Stay positive,  
work hard,  
make it happen.

it Doesn't  
matter what  
others are Doing.  
it MATTERS what  
YOU are doing.

Every morning you have two choices: continue to sleep with your dreams, or wake up and chase them.
